

# WiQo P SOLUTION

Professional Pre-treatment Solution

## PRODUCT SHEET

**WiQO**<sup>®</sup>  
FORMULATORS OF SKIN CONFIDENCE

**PRX-T**<sup>®</sup><sub>33</sub>  
wiQO

CLEANSER | PRE-TREATMENT | GENTLE  
For professional use

## INDICATIONS FOR USE

A necessary pre-treatment for PRX-T<sub>33</sub> and PRX-T Lady.

It has a slightly acidic pH of 4.5 and better prepares the skin to receive an acid-based treatment with lower pH. It doesn't contain any oils.

## ACTIVE INGREDIENTS

Formulated with gentle cleansers and calibrated acids, including:

- / Glycolic Acid
- / Lactic Acid
- / Lactobionic Acid
- / Citric Acid
- / Phytic Acid

## BENEFITS

- / Promotes the uniform penetration of products applied afterwards
- / Cleanses effectively and gently without drying the skin, without leaving it greasy, and without residue
- / No need to rinse
- / Prevents the penetration of makeup residues afterward

## ASSOCIATED WITH ALL PRX-T<sub>33</sub> PROTOCOLS

Its oil-free formulation helps prepare the skin optimally for an acid-based treatment.

INCI: aqua (water), glycolic acid, sodium hydroxide, lactic acid, lactobionic acid, citric acid, phytic acid, polysorbate 20, benzyl alcohol, dehydroacetic acid.
